Applicants' remarks and amendments, filed on January 2, 2008, have been carefully considered. No claims have been canceled or added; claims 1-18 remain pending in this application.

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Applicants' Priority Documents were filed on July 7, 2005.

Withdrawn Objections and Rejections

The objection to claims 4, 6, 10, and 18 stated in the previous Office Action have been withdrawn in view of Applicants' amendments to these claims.

The 102(b) rejection of claims 1, 2, 5, 7, 9, and 11-17 as being anticipated by Power et al. (U. S. Patent No. 5,277,889) stated in the previous Office Action has been withdrawn in view of Applicants' amendments and persuasive arguments traversing this rejection.

The 102(b) rejection of claims 1, 5, 8, 9, and 11-17 as being anticipated by Baizer et al. (U. S. Patent No. 4,798,818) stated in the previous Office Action has been withdrawn in view of Applicants' amendments and persuasive arguments traversing this rejection.

New Grounds of Rejection

The following New Grounds of Rejection is being made in view of the Examiner's reconsideration of claims 11, 12, and 14-16.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. ***Claims 11, 12, and 14-16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.***

Claims 11, 12, and 14-16 are indefinite because claims 11 and 12 recite the phrase "obtainable by", which does not limit these claims to the process limitations recited therein; i.e., the claimed "amorphous metal fluoride" does not necessarily have to be produced by, for example, the method recited in claim 1. The word "obtainable" opens these claims to process limitations not necessarily encompassed by these claims.

Allowable Subject Matter

4. Claims 1-10, 13, 17, and 18 are allowed.
5. Claims 11, 12, and 14-16 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
